The DVR 600 Series automatically configures itself as a PAL

or NTSC unit. The unit determines the TV standard by detecting the signal format of the VIDEO IN 1 during startup. The unit can also be manually set to PAL or NTSC in the Camera menu under Video

format. Page 22: Audio Connections

Two issues have been discovered affecting the Bosch digital recorder DIVAR 400 & 600 series, which do not reflect current state-of-

the art technology. These issues apply to recorders which are connected to an open network. Bosch strongly recommends to operate the digital recorder DIVAR 400 & 600 series in a closed network.
