If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

A fierce war rages for your soul. Are you ready for battle? Like it or not, you are at war. You face a powerful enemy out to destroy you. You live on the battlefield, so you can't escape the conflict. It's a spiritual war with crucial consequences in your everyday life and its outcome will determine your eternal destiny. You must engage the Enemy. And as you fight, you need a Manual for Spiritual Warfare. This guide for spiritual warriors will help you recognize, resist, and overcome the Devil's attacks. Part One, "Preparing for Battle," answers these critical questions: • Who is Satan, and what powers does he have? • What are his typical strategies? • Who fights him alongside us in battle? • What spiritual weapons and armor do we possess? • How do we keep the Enemy out of our camp? Part Two, "Aids in Battle," provides you these essential resources: • Teaching about spiritual warfare from Scripture and Church documents • Scripture verses for battle • Wisdom and inspiration from saints who fought Satan • Prayers for protection, deliverance, and victory • Rosary meditations, hymns, and other devotions for spiritual combat St. Paul urges us to "fight the good fight of the faith" (1 Tim 6:12). Take this Manual for Spiritual Warfare with you into battle. The beautiful Premium UltraSoft gift edition features sewn binding, ribbon marker and silver edges.

This lecture attempts to tell stories through music and about music, and about the music of several cultures and times, about its effect on human experience, about the instruments and their makers in order to try and connect the present time with some of music's own roots, a cause for much reflection on the part of the lecturer.

* Offers timely material, and is anticipated that over 80% of Fortune 1000 companies will incorporate mobile devices and wireless applications into their existing systems over the next two-five years. * Authors utilize XML and related technologies such as XSL and XSLT as well as Web services for server-sided application construction. * Details how to build a complete enterprise application using all of the technologies discussed in the book. * Web site updates the example application built as well as additional wireless Java links and software.

"Siblings Bob and Tom get a dog with spots. This A-level story uses decodable text to raise confidence in early readers. The book uses a combination of sight words and short-vowel words in repetition to build recognition. Original illustrations help guide readers through the text."--
