Beginners handling of the birds themselves.Â  
Covering all aspects of training, hunting, and maintenance, Falconry Basics addresses every possible scenario a newcomer may face when training their first raptor, from illness and injury to escaped or overconfident hawks. Hall also provides a wealth of supplementary information for beginners, including notes on anatomy, terminology, and a list of additional resources. Accompanied by diagrams and detailed line illustrations throughout, this book will become a standard manual for future generations of falconers.

The 4,000-year-old sport of falconry, once the pastime of royalty and aristocracy, is still thriving with clubs throughout the UK and the US. Phillip
