and new case studies that illustrate critical concepts in action. Organized for easy navigation and ease-of-use, this invaluable guide also serves as a quick reference for managers in the field seeking tips and techniques for maximizing efficiency and turning the supply chain into a source of competitive advantage. The supply chain underpins the entire structure of manufacturing and retailing. Well-run, it can help a company become a global behemoth—or, if poorly-managed, it can sink a company before the product ever sees the light of day. The supply chain involves many moving parts, constantly-changing variables, and a network of other business that may have different priorities and interests—keeping it all running smoothly is a complex, but

Unleashed is based on a series of interactive interviews with a diverse group of global influencers and executives, all of which will challenge readers to think laterally and find inspiration in the new role of finance. Cases and interviewees represent organizations such as UPS and DHL, and the London School of Economics, and approaches such as Lean Six Sigma, innovation, customer-centricity, the financial supply chain, and behavioral procurement. The authors' goal is to serve as a catalyst for leaders who are positioned to make meaningful changes today. The book includes a practical model to help executive teams redesign and refocus finance to drive business leadership - with an emphasis on the CFO. The model has three primary components: 1) Customer-Centricity -

Listen and Map; 2) Process - Structure and Technology; and 3) Innovation - Create and Measure. These are presented as phases that each executive team will need to consider based on the goals and maturity level of their organization. For the CFO and ambitious finance executives, Finance Unleashed presents a path forward towards success and career advancement. For the CEO and the board, it presents an expanded vision for what financial organizations are capable of.
